PROJECT NAME

Vantage Point West
at Leisure World

LOCATION

Silver Spring, MD

PRACTICE AREA

Senior Living

CLIENT

Leisure World of Maryland

STATUS

Completed 2016

SERVICES

Interior Design
Conceptual Design
Construction Management
Renovation

PROGRAM

Renovation of the common corridors and elevator lobbies in a 10-story age-restricted condominium.

DESCRIPTION

Following the successful renovation at its sister property, The Overlook, the leadership team at Vantage Point West engaged Design Services to work with their design committee to develop a distinct look of their own.

Coinciding with a major lighting upgrades, the paint colors and custom carpet were designed to take advantage of the brighter energy-efficient lighting. Light warm-gray walls provide contrast and emphasis to the architectural woodwork painted in crisp white semi-gloss. The striking blue of the unit doors is repeated in the "rugs" that provide visual interest at key locations along the corridor on each floor. Decorative consoles and photography artwork provide the finishing touch in each of the lobbies. Overall the new look is fresh and contemporary!
